What's On Term Three, 2026

Learning for Life at Mount Carmel College is part of the Set Up for Success initiative, a **free** early years program promoting a love for learning for both young children (Birth -5) and their families.

It is run every Tuesday morning during term time in our Early Learning Centre (ELC) on Nelson Road where our experienced Early Years staff develop a variety of play-based educational

activities that meet the needs of young children, inspired by Christian values.

Attending these weekly sessions is a great opportunity for children to develop social skills, for parents and carers to connect with other families and meet some early childhood trained staff in a nurturing environment.
